I am in my final year of school and one of the top Freestyle skiers in the UK. My home slope is Sheffield ski village but I ski at loads of slopes in the UK. I am In the England freestyle ski A team and compete regularly around the UK and abroad. Last season I rode at the European Freeski open and made it to the semi-finals in half pipe. I aim to improve and compete at a higher level and spend seasons abroad to progress my skiing further. I currently receive sponsorship from Rossignol Skis and would like to thank them for their support. I am also looking for clothing and protection sponsors to help support my skiing.
