

Profile: Harry Gillam
Age 16yrs
British Aerialist

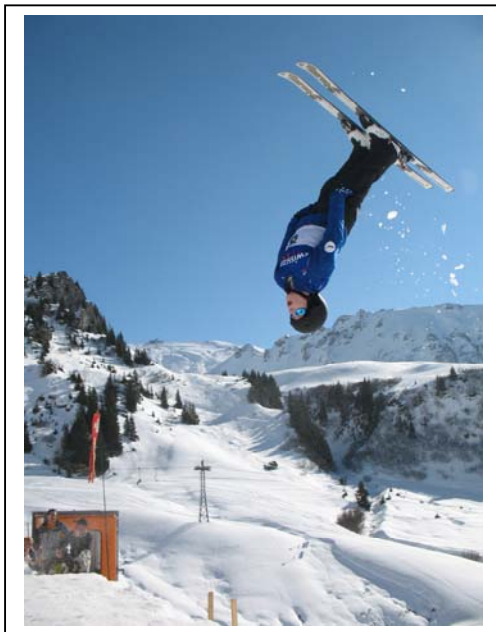

A high achiever and aerial skier – working at BG Trampoline National Grade 2 and British Artificial Champion 2005 C2 Aerials; now aiming higher and competing at Europa Cup.

Record of Achievements

Harry is a keen enthusiastic Freestyle skier. Originally a keen Slalom racer he did training in France and raced in junior club competitions; he developed an interest in Freestyle Jump skiing after meeting performers in Canada and decided to train towards this. After starting the Freestyle circuit two years ago, where he had been placed at several competitions for Slope Style and Big Air, he decided to take up training for Aerials seriously. He started gymnastic trampoline and since taking this up 18 months ago he has won several competitions with Gold Medals and now trains at National grade 2 and will compete this year.

Taking his gymnastics into skiing was successful after competing in the British Artificial Championship 2005 he came 1st in his category and 3rd overall.

In 2007 he competed in his first International competitions at the Europa Cup and the Swiss National Championships where he achieved personal best places of 8th and 15th, with high quality jump scores. Now aiming for further Europa cup and World cup success he will be on track for a place in the top 8 in World Cup before 2012 and then targeting selection for the Olympic Games in 2014.
