

"Brit Skier Gains Perfect Score in Classroom

Britain's number one Acro skier and England Freestyle Ski Team member, Leigh Paley has gained a perfect score off the snow with a stunning 3 Grade 'A's at A-level. Leigh, who recently returned from a summer in Russia will be spending the coming season training in Switzerland and competing in Europe. She will then put the exam grades to good use starting a degree at Leeds University in September 2002. This does not mean her competitive career will be put on hold as she will be taking every opportunity to compete and train and contribute if possible to Leeds' strong University Ski Team."
